

TV IS A WASTE OF TIME

BY EVAN AND MARK

TV IS A WASTE OF TIME

- **TV is a waste of time because children are told if you look at TV too long it can damage your eyes. They have now told their children about this. This can lead to serious damage. You will never learn anything with this.**

TV CAN AFFECT YOUR BRAIN

- TV CAN AFFECT YOUR BRAIN BECAUSE ALL THE FAKE AND FICTION SHOWS ARE EASY TO BELIEVE. IT MIGHT SOUND SILLY BUT PEOPLE CAN BELIEVE THEY CAN FLY BECAUSE OF SUPERHERO PROGRAMMES. IT IS HARD TO BELIEVE BUT WHAT WE SAID IS TRUE.

TV IS BAD FOR HOMEWORK

- TV is bad for homework because children can get distracted with it. It can also disturb your brain and lose your concentration. This is why we think sometimes children don't get their homework done.

THANK YOU FOR LISTENING
