Dear Parents,

I hope you are all keeping well, healthy and safe which is more important than anything for now. The uncertainty and sense of foreboding about the Covid-19 crisis impacts all of us. We will do our best within the constraints of this situation to support your child's learning. Attached I have some general learning resources and ideas to help keep our pupils occupied at home for the time being.

I appreciate that there are very different family arrangements in your households at the moment and many of you are trying to juggle minding your kids and working from home at the same time.

Please do not feel the need to do all or any of these; they are only useful suggestions if you have the time, energy and resources. It may suit you to dip in and out of these activities if they are of particular interest to your child but we do not want to put any pressure on families at a very- stressful time. Many of them are fun and family friendly. Class teachers will post their work via Aladdin. Take care for now and I will be in touch soon

Best Regards,

Michael Feeney
